

BioBrake®

BioBrake® is specifically formulated for brake parts cleaning. It is designed to dry quickly without leaving any residue. Use BioBrake® to clean:

Brake linings	Springs
Cylinders	Clutches
Disc Brake Parts	Drums
Engine components	CV Joints

REPLACES SOLVENTS

Ideal for replacing hazardous and toxic solvents regularly used in the maintenance of:

Automobiles	Railcars
Heavy trucks	Subways
Motorcycles/ATVs	Forklifts
Recreational Vehicles	City buses

SAFE FOR WORKERS

BioBrake® contains no hazardous air pollutants (HAPs) and is fully compliant with government VOC requirements.

Users save considerable time and money because BioBrake® is exempt from government VOC and HAP reporting requirements.

Additionally, BioBrake® is free of CFCs that deplete the earth's ozone layer.

BioBrake® is environmentally friendly!

VOC compliant
Non-toxic
Non-chlorinated
No CFCs

EXTRA STRENGTH FORMULA

BioBrake's® extra strength formula and powerful spray, quickly and effectively removes:

Carbon
Brake fluid
Brake dust
Grease and oil
Other tough contaminants

SAFE FOR WORKERS

BioBrake® minimizes health risks to workers. Its unique formula does not contain hazardous, chlorinated solvents or toxic chemicals like methanol, xylene and toluene, common to other brake cleaning products.
