- Water blocks
- C-cement
- Filling compounds
- Grease and oil
- Asphalt coastings
- Other petroleum-based materials

AVAILABLE IN EASY-TO-HANDLE

Towelettes (12 per pack; six packs per case)

Cable Clear® is specifically formulated to clean:

- CATV cable
- Filled (PIC) telephone cable
- Fiber optic cable, plastic tubes and cladding
- Electrical cable
- Tools and equipment

FIELD TESTING

Field Testing Confirmation.

Independent lab testing and actual field usage show Cable Clear® to be highly effective in telecommunication applications. Its full strength formulation cleans without detrimental effects on CATV tubing or sealing properties. Cable Clear® quickly and easily removes cable floodant, saving both time and money!

Reduces Concerns about Safety, the Environment and Regulations.

Cable Clear® is an excellent alternative to dangerous solvents and petroleum-based cleaning agents. It minimizes irritation to workers and will not harm the environment.

REPLACING HAZARDOUS SOLVENTS WITHOUT COMPROMISING EFFECTIVENESS
