

# TarBuster® Wipes

BioChem's original TarBuster® formulation now in a pre-soaked, heavy duty, solvent wipe.

A versatile, yet powerful, solvent wipe ideal for cleaning:

Hand tools	Machinery
Cutting tools	Precision parts
Equipment	

## DURABLE & USER-FOCUSED

Shop-sized, pre-soaked solvent wipes individually foil-packaged for incredibly long shelf-life.

TarBuster® Wipes' industrial strength formulation immediately and safely penetrates, dissolves and removes the following contaminants from virtually any surface:

Asphalts	Waxes
Greases	Cutting oils
Adhesives	Pitch
Tar	And more!

## Efficient

These easy-to-use, convenient wipes eliminate excess overspray and messy spills. TarBuster® Wipes reduce disposal of and dependence on aerosols and bulk liquids.

## SMART CHEMISTRY® FORMULATED

TarBuster® Wipes' biodegradable formulation makes it an effective industrial strength product, yet does not compromise workers' safety. It's a perfect replacement for hazardous or petroleum distillate based products traditionally used for manual cleaning applications.

Non-toxic and non-corrosive, the wipes replace kerosene, diesel, and other hazardous solvents.

## CONVENIENT PACKAGING

Each box contains 75 individually foil packaged, pre-soaked wipes.

REPLACING HAZARDOUS SOLVENTS WITHOUT COMPROMISING EFFECTIVENESS
