

TarBuster® Wipes are heavy-duty wipes saturated with our ultimate solvent for industrial applications.

The TarBuster® formula penetrates, dissolves, and removes the toughest hydrocarbon fouling and can be used on oils, asphalts, tar, wax, sealants, paint, epoxy, heavy grease, and adhesives.

TarBuster Wipes are **non-toxic, non-corrosive, biodegradable**, and can replace diesel, kerosene, and other hazardous solvents without compromising effectiveness.

TarBuster Wipes lowers total cleaning cost and saves time. The multi-purpose formulation helps reduce your aerosol and bulk liquid inventory by replacing other harsh solvents, works immediately to dissolve contaminants, and eliminates overspray and use of excess product.

The large 9" x 10" individually packed wipes have a **long shelf life**, are fully saturated, and allow for **extended use** to reduce the quantity of wipes needed to complete your project.
